

Computer Requirements:

- It is recommended that you use a laptop or a desktop with web cam to take the proctored exams. Google Chrome is the recommended browser.
- See Figure 1 for the list of minimum hardware and software required:

Computer Compliance Check Close

Hardware Requirements

Hardware	Minimum Requirements
RAM	1 GB memory
CPU	2 GHz or faster
Peripheral Devices	If the exam has the questions which require you to listen and record voice, a headset with microphone should be equipped. Headset Check Recording Check

Network Bandwidth

Network Speed Check Re-Check

Download Speed: 272 KB/s

Recommended Network Bandwidth

Make sure the exam facility has the dedicated 500M-1G bandwidth and a single computer has 100-159KB/s download speed (approximately 1-2M bandwidth). If the exam has the questions requiring listening and voice recording, the Internet speed should double.
